

ZAMIR JAMALOV

IT Business Analyst | Risk Modeling & Scoring

+994 55 207 7228 | jamalov.zamir@gmail.com | Baku, Azerbaijan

PROFILE SUMMARY

Business Analyst with 2+ years in fintech, specializing in credit scoring, decision engine rule design, and risk assessment. Hands-on experience in scoring model monitoring via PSI, score distribution analysis, and cut-off efficiency reporting. Engineering background enables precise translation of risk logic into developer-ready specs.

CORE SKILLS

Risk & Scoring:

Credit Scoring | Decision Engine / Rule Engine | Cut-off Rule Design (Auto-Reject / Auto-Approve / Expert Routing) | Scorecard Matrices | Hybrid Scoring Models | PSI Monitoring | Score Distribution Analysis | Stop-Factor vs Soft-Factor

Technical:

SQL (Advanced Data Analysis) | Python (Data Analytics, pandas, NumPy) | REST API & JSON | Swagger / OpenAPI 3.0 | SOAP / XML | Oracle / PostgreSQL / MongoDB

Business Analysis:

BRD / FRD / SRS | User Stories & Acceptance Criteria (Gherkin) | BPMN (As-Is / To-Be) | UML | Data Mapping | Gap Analysis | Use Case | Stakeholder Interviews | RICE Prioritization

Languages:

Azerbaijani (Native) | Russian (Fluent) | English (Professional / Technical Documentation)

PROFESSIONAL EXPERIENCE

Embafinans | IT Business Analyst

2025 - Present

Decision Engine - Cut-off Rule Design

- Designed 25+ cut-off rules in a 6-priority tiered framework: ASAN Personal Info (personal data, age limits) > ASAN Finance (workplace) > AKB Score (score data, stop-factors) > AKB History (credit records, overdue days) > ASAN Pension Info (pension data) > Combined rules
- Designed three-way routing: Auto-Reject (hard stop-factors), Auto-Approve (high-score), and Expert Review (borderline cases routed to Loan Officer)

Credit Scoring & Risk Variables

- Configured scoring matrices integrating data from ASAN Personal Info, ASAN Finance, ASAN Pension Info, SIMA, AKB Score, and AKB History; analyzed score distributions to optimize approval/rejection balance
- Developed hybrid scoring model combining external AKB bureau score with internal risk score; formulated personalized credit decision logic for individual applicant profiles

Scoring Model Monitoring

- Monitored scoring model stability via PSI (Population Stability Index) and score distribution analysis; tracked approval/rejection ratios and flagged shifts for risk team recalibration
- Analyzed cut-off efficiency by comparing actual approval rates vs. expected pass rates; reported monthly score distribution metrics to support data-driven cut-off adjustments
- Controlled data quality of scoring inputs (ASAN services, AKB bureau, SIMA); defined missing-value and outlier policies; coordinated with IT to resolve integration issues

Antifraud & Delivery

- Defined antifraud detection rules within decision engine; structured risk indicators for pre-disbursement screening based on behavioral and historical patterns
- Designed BRD/FRD/SRS with end-to-end requirements traceability; prepared Swagger API specs; coordinated UAT with bug triage

Birbonus | IT Business Analyst

2024 - 2025

- Designed a customer loyalty bonus system with earning rules, eligibility criteria, and partner settlement workflows; prepared BRD and API specs

Umico | PostgreSQL Developer & L2 Support

2022 - 2024

- PostgreSQL backend development; L2 production incident resolution via ELK Stack log analysis; API integration onboarding support for partner teams

TECHNICAL FOUNDATION

As PL/SQL backend developer, participated in a core banking system development including general ledger, chart of accounts, accounting transactions, and credit lifecycle. 15+ years across Central Bank of Azerbaijan, Unibank, and ASAN Service covering C# backend, Oracle / PostgreSQL / MongoDB, and CI/CD pipelines.

TRAINING & EDUCATION

Innab Training Center | Corporate Data Analytics Trainer

Delivered corporate Python data analytics training for Bank of Baku and SOCAR Upstream. Focus on descriptive and diagnostic analysis to uncover patterns, trends, and root causes in operational data.

Baku State University - Bachelor of Science in Applied Mathematics
